

CALIFORNIA DEPARTMENT OF FISH AND WILDLIFE  
DEER MANAGEMENT PROGRAM  
**2013 Deer Zone Information**

Wildlife Branch  
1812 9th Street Sacramento, CA 95811

**General Deer Hunting Information For**

**ZONE B-6**

**(No Additional Hunts Scheduled)**

**GENERAL INFORMATION FOR DEER HUNT ZONE**

This information sheet has been prepared to assist deer hunters applying for, or planning to hunt in, Zone B-6 located in portions of Siskiyou County. The following information should be useful to hunters for archery and general seasons as well as any "additional hunts" within this geographic area. For more specific information or additional questions regarding this area, contact the following Department office(s):

**Northern Region Office (Region 1), 601 Locust Street, Redding, CA 96001 (530-225-2300)**  
encompassing Del Norte, Humboldt, Lassen, Mendocino, Modoc, Shasta, Siskiyou, Tehama and Trinity counties.

**REGULATIONS**

Laws and regulations are designed to conserve wildlife and to provide for an equitable distribution of game mammals. All hunters should read and be familiar with the current hunting regulations available online at: <http://www.fgc.ca.gov/regulations/current/mammalregs.aspx>. The hunter who knows the laws and regulations can enjoy the hunting experience more.

Remember, if you are hunting on private property you must obtain, and have in your possession written permission to hunt on private property. Hunter trespass laws are strictly enforced.

Successful hunters are reminded to immediately fill out both portions of the tag and permanently mark the date of kill; record the appropriate B zone (Zone B-1, B-2, B-3, B-4, B-5 or B-6) where the deer was killed; attach the tag to the antlers, or ear if antlerless; have the tag validated and countersigned; and return the completed report card portion to, or file an online harvest report (see highlighted area below on Internet Harvest Reporting) with DFW within 30 days of taking a deer.

**INTERNET HARVEST REPORTING**

In anticipation of mandatory harvest reporting for all big game species, in 2012 DFW began offering an Internet reporting option for hunters to submit big game tag/report card information. Both successful and unsuccessful hunters will be able to report their hunt results online via DFW's Online License Service at <http://www.dfg.ca.gov/licensing/harvestreporting/>. Hunters logging into the system are now able to view all their tags that require reports. Hunters submitting reports online will receive a report confirmation number and will not have to mail in their report card(s). DFW encourages all hunters (including those who were unsuccessful or who had a tag but did not hunt) to use this new service to meet their respective reporting requirement(s).

Accurate harvest information is a crucial element in developing population estimates, tag quotas, assessment of current hunt programs, and in the development of new opportunities. An online reporting option will provide that information in a more timely and convenient manner.

**OBTAINING DEER TAGS**

Beginning in late 2010, DFW began implementation of the new Automated License Data System (ALDS). Under this computer data system, all licenses, stamps and tags are applied for, and issued through online

Point-of-Sale terminals (IPOS) located at various DFW license offices, over 1,400 license agents statewide or online at <http://www.dfg.ca.gov/licensing/>. Under ALDS much less paperwork is required to apply for, and receive tags. In addition, licenses, tags and entry into the Big Game Drawing can all be accomplished with one trip to a license agent. Once your personal information is entered and stored in the database, the database controls and tracks what you have applied for, or been issued, as well as preference points.

Other than the way you apply for and receive licenses and tags, the primary difference you will notice is in the form that the license or tag comes. Instead of the old style license or postcard type deer tag, they will all come out of the IPOS terminal in the form of a long receipt. If successful at harvesting a deer, filling out the tag and report card portion, validation and report card return requirements remain unchanged. For more specific information on ALDS, application procedures and zone/hunt information, check out the 2013 California Big Game Hunting Digest available by May at most DFW offices and license agents or online at: <http://www.dfg.ca.gov/publications/digest/>

For deer tag distribution purposes, zones and hunts are classified based upon the date in which the zone or hunt tag quota is filled in the prior year. The three tag categories include:

- 1) "**Premium**" zone/hunt tags are only issued through the Big Game Drawing using a First-Deer Tag Drawing Application, except that junior hunters may use their Second-Deer Tag Drawing Application to apply for Apprentice (J) Hunts. Hunters will lose all accumulated deer preference points if drawn for their first choice in the Big Game Drawing.;
- 2) "**Restricted**" zone/hunt tags are available upon application with a First-Deer Tag, or after August 1 when using a Second-Deer Tag.;
- 3) "**Unrestricted**" zone/hunt tags are available at any time using either a First- or Second-Deer Tag.

For Zone B-6 and associated hunts within the zone, the tag categories are as follows:

- 1) **Premium** Deer Hunts – None
- 2) **Restricted** Deer Hunts – None
- 3) **Unrestricted** Deer Hunts – **B Zones and Archery Only (AO)**

The 2013 deer hunting regulations specific to Zone B-6 (archery and general season) and any additional hunts are listed at the end of this sheet. To hunt deer in Zone B-6, hunters must possess a B Zones deer tag which is valid in any B Zone during the archery or general season using the appropriate method of take. Additionally, Archery Only Tags (AO Tags) are valid during the Zone B-6 archery or general season using archery equipment only.

Any additional deer hunts in Zone B-6 are listed in the Additional Deer Hunts section near the end of this sheet. Typically, tags for additional deer hunts are in high demand and distributed through the Department's Big Game Drawing held in June. To receive tags for many of these hunts, hunters must plan ahead and apply by the **June 2, 2013 deadline**. Information regarding application procedures and restrictions, ALDS, zone and hunt seasons, prior year drawing and hunt statistics are contained in the 2013 Big Game Hunting Digest available at most Department offices, license agents and online at: <http://www.dfg.ca.gov/publications/digest/>

## **LAND OWNERSHIP/PUBLIC LAND OPPORTUNITIES**

Zone B-6 contains a mixture of both public and private lands. Remember you must obtain and have in your possession written permission to hunt on private property. Hunter trespass laws are strictly enforced. Public lands within the Zone are administered by the Klamath and Rogue River National Forests (USFS). For information regarding these lands contact the following:

### USFS Offices:

Klamath National Forest, 1711 South Main Street, Yreka, CA 96097-9549 (530-842-6131)

Rogue River National Forest, P.O.Box 520, 333 West Eighth Street, Medford, OR 97501 (541-858-2200)

### **BLM Offices:**

Redding Field Office, 355 Hemsted Drive, Redding, California 96002 (530-224-2100)

Wilderness lands have been established within the Klamath National Forest. The Marble Mountains Wilderness Area is accessible by hiking and pack stock. Public use of the wilderness is regulated by permit. Information on wilderness area restrictions and Wilderness Permits may be obtained by contacting the Klamath National Forest.

In Zone B-6 and other zones throughout California, additional deer hunting opportunities may exist on private property licensed through the Department's Private Lands Management Program (PLM). For more information on the PLM and to obtain a list of participating ranches, go to the following link:

<http://www.dfg.ca.gov/wildlife/hunting/plm.html>

### **MAPS**

For general maps detailing individual zone or additional deer hunt boundaries, go to the following link:

<http://www.dfg.ca.gov/wildlife/hunting/deer/zonemapsinfo.html>

The most comprehensive map of the area is the Klamath National Forest map. USFS maps are available locally at most USFS offices; by contacting the USFS Pacific Southwest Regional Office at: 1323 Club Drive, Vallejo, CA 94592 (707-562-8737); or ordered by phone (406-329-3024), fax (406-329-3030), mail at USDA Forest Service, National Forest Store, P.O. Box 8268, Missoula, MT 59807, or on-line at

<http://www.nationalforeststore.com/> .

BLM surface management maps may also be useful. However, because Zone B-6 covers such a large area, several maps are needed to depict it entirely. BLM surface management maps for Zone B-6 include the Happy Camp, Hoopa, Mount Shasta, and Yreka maps. You can purchase these maps at BLM district offices or you can contact the BLM at 2800 Cottage Way, Suite W-1834, Sacramento, CA 95825 (916-978-4400).

U.S. Geological Survey (USGS) topographic maps are very helpful, especially for topographic features that are not displayed on USFS or BLM maps. USGS maps may be available from sporting goods, backpacking or engineering stores or you can contact the USGS directly at: Rocky Mountain Mapping Center, Branch of Information Services, Box 25286, Denver, CO 80225 (888-ASK-USGS).

### **ACCESS/MAJOR ROADS**

Although there is a lot of private land in Zone B-6, there are extensive tracts of public lands with excellent access. Primary roadways in Zone B-6 are Interstate 5 (eastern B-6), State Highway 96 (northern & western B-6), and State Highway 3 (southeastern B-6). Many County, USFS and BLM roads branch off of these primary roadways providing access to public lands.

### **WEATHER CONDITIONS/TRAVEL TIPS**

The weather in this region is highly variable so BE PREPARED. The weather is usually quite hot and dry, but early storms are not uncommon. Snow fall will be a rare occurrence with these storms but heavy rains can make many roads very difficult, if not impossible, to travel. You should be prepared with appropriate clothing and equipment for a variety of weather conditions.

Zone B-6 covers a large geographic area. The terrain can be very steep and rugged and vegetation can be extremely dense. As you should do in all remote areas, hunters are urged to bring a shovel, a good spare tire, extra water, etc. Use care when operating any vehicle off-road and check with the BLM or USFS for rules and regulations regarding vehicle and travel restrictions in the area. Horses can be useful in some portions of B-6. However, remember that it may be necessary to carry supplemental horse feed into the back country. Contact the local USFS and/or BLM office for more information regarding forage conditions for livestock.

### **CAMPING**

There are numerous designated campgrounds within Zone B-6. The facilities available at these campgrounds vary from primitive campsites to campsites with running water and showers. Most

campgrounds are clearly marked on USFS and BLM maps. Camping outside of designated campgrounds is usually permitted on BLM and USFS lands. However, during fire season special regulations may apply and it will be necessary to obtain a fire permit from the USFS or BLM. You can also check with the California Department of Forestry and Fire Protection office for rules in specific areas.

Please, DO NOT camp or hunt for prolonged periods near water sources important to wildlife and livestock. Remaining for over 30 minutes and within 200 yards of an artificial water source including guzzlers or horizontal wells on public lands within California is a Fish and Game violation (Title 14, Section 730). You can pack water, wildlife can't.

## **HARVEST INFORMATION**

Information on deer harvest for this area is available in tables contained in the annual Deer Kill Reports available on-line at: <http://www.dfg.ca.gov/wildlife/hunting/deer/deerhunt.html> For the purpose of planning or applying for hunts in this area, the harvest success and antler class information tables are the most useful. Tables containing Big Game Drawing statistics may also be useful in selecting a zone or hunt in which to apply. The table containing Big Game Drawing statistics for "Premium Hunts" can be found on pages 30-33 in the 2013 Big Game Hunting Digest available at most DFW offices, license agents and online at: <http://www.dfg.ca.gov/publications/digest/>.

## **HERD CONDITIONS AND HABITATS**

The deer population in Zone B-6 is considered stable to slightly declining, yet considerably below levels seen in the late 1960's and 1970's. As with most deer herds in California and other western states, the long-term population trend has been on a steady decline since the 1960's and 1970's. These long-term declines have been due to land management practices that have precluded fire, resulting in changes toward more mature and less diverse habitats, and reduced quality and quantity of deer habitats. Short-term fluctuations in deer populations are usually attributed to weather events that affect forage production.

The subspecies of deer inhabiting Zone B-6 is the Columbian black-tailed deer. Deer in Zone B-6 are generally considered resident deer. That is, their movement is up and down the slopes, they do not make long seasonal migrations. The deer in this area generally move to higher elevations in late spring and will remain there until the first heavy fall storms force them down below the snow line. This downward movement often occurs during the hunting season, so hunters should be prepared to move to lower areas later in the season after stormy weather.

The vegetation is highly varied throughout Zone B-6 ranging from bitterbrush, juniper, mixed and montane chaparral, hardwood, hardwood-conifer, and dense conifer to alpine habitats. Generally speaking, deer populations in this area respond favorably to vegetation disturbances that enhance brush species (wildfire and timber harvesting). Riparian areas (areas along watercourses), recently burned areas or clear cuts that have re-sprouted with brush are good areas to hunt. Areas where oaks are producing acorns may also attract deer. Typically, lower densities of deer are observed in the more densely forested areas or in older, more decadent brushlands.

## **HUNTING TIPS AND WHERE TO LOOK FOR DEER**

Successful hunters often spend a considerable amount of time scouting pre-season, locating individual or groups of deer, recently used deer trails, and feeding and bedding areas. You may not see many deer from the roads in this area and generally the more successful hunters do more hiking to locate deer. Binoculars and/or spotting scopes can be very helpful for locating and identifying deer at greater distances. In general, attempt to hunt areas that are away from other activities such as concentrations of hunters, vehicles, and/or livestock.

Historically, some of the more popular and productive deer hunting areas in Zone B-6 include: Alex Hole, Ash Creek, Badger Mountain, Bakers Cabin, Bear Valley, Beaver Creek, Big Meadows, Bloody Ridge, Blue Ridge, Box Camp, Buckhorn, Cabin Meadows, Callahan Mountain, Cecilville Summit, China Mountain, Cliff Valley, Collins Baldy, Copper Butte, Cottonwood Peak, Craggy Mountain, Dead Cow, Deadwood, Deer Camp, Ditch Creek, Dogget Creek, Dry Lake, Eddy Mountain, Empire Creek, Etna Mountain, Fryingpan Ridge, Grider Ridge, Grouse Creek, Gunsight Peak, Hayden Ridge, Horse Creek,

Humbag, Indian Creek, Kidder Peak, Lake Mountain, Marble Mountain, Mill Creek, Moffett Creek, Mt. Bolivar, Scarface, Scott Bar Mountain, Shaft Rock, Slater Butte, Sterling Mountain, Sugar Creek, Taylor Lake, Wards Gap, White Mountain, Wooley Creek and Yellow Jacket Ridge. Many of these areas are within the Marble Mountains Wilderness and Wilderness Permits are required.

For additional information about deer hunting in California, see the Department's publication "Guide To Hunting Deer In California" at the following web site:

<http://www.dfg.ca.gov/wildlife/hunting/deer/docs/deerguide.pdf>

## **ADDITIONAL DEER HUNTS**

In 2013, there are no additional deer hunts scheduled in Zone B-6.

## **2013 ZONE AND ADDITIONAL HUNT SPECIFIC REGULATIONS**

(Any 2013 regulation changes from 2012 are highlighted in yellow.)

### **§ 360. Deer.**

Except as otherwise provided in this Title 14, deer may be taken only as follows:

(a) A, B, C, and D Zone Hunts.

(2) Zone B.

(A) Area: Shall include all of Zones B-1, B-2, B-3, B-4, B-5 and B-6 (see subsections 360(a)(2)(A) 1-6).

6. Zone B-6.

In that portion of Siskiyou County within a line beginning at the California-Oregon state line and its intersection with Interstate 5; south on Interstate 5 to Louie Road near Gazelle; west on Louie Road to Highway 99; south on Highway 99 to the Gazelle-Callahan Road at Gazelle; west on the Gazelle-Callahan Road to Highway 3; west on Highway 3 to the Cecilville-Salmon River Road (Forest Service Road 93) at Callahan; west on the Cecilville-Salmon River Road to Highway 96 at Somes Bar; north on Highway 96 to the Cook-Green Pass Road at Seiad Valley; north on the Cook-Green Pass Road to the California-Oregon state line; east along the California-Oregon state line to Interstate 5.

(B) Season: The seasons for the B Zone shall be those specified for the areas described as B-1, B-2, B-3, B-4, B-5 and B-6 (see subsections 360(a)(2)(B)1-6).

6. Zone B-6.

The season in Zone B-6 shall open on the third Saturday in September and extend for 30 consecutive days.

(C) Bag and Possession Limit: One buck, forked horn (see subsection 351(a)) or better, per tag.

(D) Number of Tags: 35,000. Zone B tags are valid in Zones B-1, B-2, B-3, B-4, B-5 and B-6

### **§ 361. Archery Deer Hunting.**

(a) Archery Hunting With General Deer Zone Tags. Deer may be taken during the archery season only with archery equipment specified in Section 354 as follows:

(2) B Zones.

(A) Zones B-1 through B-3, B-5 and B-6.

1. Area: As described in subsection 360(a)(2)(A).

2. Season: The archery deer season in Zones B-1 through B-3, B-5 and B-6 shall open on the third Saturday in August and extend for 23 consecutive days.

3. Bag and Possession Limit: One buck, forked horn (see subsection 351(a)) or better per tag.

(c) Archery Hunting with Archery Only Tags. Deer may be taken only with archery equipment specified in Section 354, during the archery seasons and general seasons as follows:

(1) Number of Archery Only Tags Permitted. A person may obtain an archery only tag using a one-deer tag application and a second archery only tag using a second deer tag application.

(2) Zones in Which Archery Only Tags are Valid. An archery only tag is valid for hunt G-10, and during the archery season and general season in all zones except C-1 through C-4 and X-1 through X-12.

(3) Areas: As described in subsections 360(a) and (c).

(4) Seasons: The archery season and general seasons are provided in subsection 361(a) above and in subsections 360(a) and (c).

(5) Bag and Possession Limit: All bag and possession limits per zone are the same as those described in subsections 360(a) and (c).

(d) Hunting Area Limitations. Archers not in possession of an archery only tag may hunt only in the zone, zones, or areas for which they have a general tag or an area-specific archery tag. (Refer to subsection 361(c)(2) for zones in which archery only tags are valid).

(e) Crossbow Prohibition. Except as provided in subsection 354(j), crossbows may not be used during any archery season or during the general season when using an archery only tag.

\*\*\*\* GOOD LUCK! \*\*\*\*
